

Small baglama solid mold

Product Code: MOLD07

Availability: 3

Price: 68.20€

Ex Tax: 55.00€

Description

Mold dimensions:

Length: 106mm

Width: 74mm

Height: 57mm

Warning! The dimensions above refer to the mold and not to the speaker that is going to be build on it. Obviously the speaker's dimensions will be a little bigger than the mold's depending on the wood slices that you use for the speaker.

The mold is made from solid wood (spruce). The front neck block is included in the mold and it has to be cut off before preparing the staves.

The staves design and creation has to be done from the customer. We do not provide any information about the stave construction process. Making the right staves is a difficult procedure and need a lot of time especially for amateurs.
